By signing this application, I certify that I am an authorized agent for the company performing the work stated above, and that all information provided is true. I further understand if any information provided is found to be incorrect or falsely stated, this permit may be voided, and I may be responsible for violation of any and all related laws and ordinances. I further understand that installation of a sign without an approved permit is a violation of the City of Greenville Code of Ordinances and is cause for doubled permit fee and any additional enforcement action by the City Of Greenville necessary to ensure compliance with its laws and ordinances. Additionally, I certify that I understand the City Of Greenville will not approve a sign that reflects an address different than the actual physical address of a property.

Signed: _____ Date: _____

Printed Name: _____

INSTRUCTIONS

1. File Upload Naming Convention: If this permit is part of a multiple sign project, please include the following naming convention as follows:

For Example:

- Site Plan_Monument 1_South Entrance
- Colors_Monument 1_South Entrance
- Site Plan_Monument 2_East Entrance
- Colors_Monument 2_East Entrance

2. City of Greenville Code Regulations:

Table 19-6.6-1: Window Signs				
Zoning District	Sign Type	Number	Copy Area	Design Standards
All nonresidential districts	Internally illuminated or exposed neon window sign	2 per tenant	4 square feet per sign, not to exceed a total of 20 percent of tenant window area for all window signs.	Standards in subsection 19-6.6.4(A) and administrative manual
	Non-illuminated window sign	2 per tenant	20 percent of tenant window area for all window signs	

Table 19-6.6-2: Building Signs (wall signs, awning signs, projecting signs)					
Zoning District	Sign Type	Number	Height	Copy Area	Design Standards
All nonresidential districts and all nonresidential uses permitted in residential districts	Wall sign or awning sign	One per tenant exterior wall (but not more than three total)	Not above roof line or parapet	10 percent of wall area, not to exceed 200 square feet ¹	Design guidelines in C-4 and PO districts, plus standards in subsection 19-6.6.4(B) and administrative manual
	Projecting sign	One per tenant	Not above roof line or parapet	20 square feet	
¹ For buildings exceeding ten stories, wall sign to be located at the top of a building facade shall not exceed 350 square feet in area.					

Table 19-6.6-3: Freestanding Signs
(monument signs, decorative post signs, freestanding suspended signs, pylon signs)

Zoning District	Sign Type	Number ¹	Height	Size	Design Standards
All nonresidential districts, all nonresidential uses permitted in residential districts, multifamily residential developments, and single-family residential subdivisions	Monument sign	Two per street front for group development or one per street front for freestanding business or use ²	5 feet _{3,4}	16 square feet ^{3,4}	Design guidelines in C-4 and PO districts, plus standards in subsection 19-6.6.4(C) and administrative manual
	Decorative post sign	Same as above	5 feet ₃	16 square feet ^{3,4}	
	Freestanding suspended sign	Same as above	8 feet	16 square feet	
Special sign overlay district	Pylon sign	2 per street front for group development or one per street front for freestanding business or use ²	25 feet	1 square foot per linear foot of street frontage, not to exceed 225 square feet	

NOTES:

¹ Allowed number of signs includes all freestanding sign types.

² Group development is a building or group of buildings which consists of more than one business functioning as a unit, and which are inter-dependent on required site amenities such as parking, site access, landscaping and trash collection, regardless of the number of parcels the group development may be separated into. A freestanding business is a single business or use on a single parcel that is not dependent on another parcel for compliance with required site amenities.

³ Sign height may be increased up to ten feet and size may be increased up to 36 square feet based on standards described in subsection 19-6.6.4(C), and the administrative manual, and approval of the administrator. ⁴ Sign height may be increased up to 25 feet and size may be increased based on standards described in subsection 19-6.6.4(C), and the administrative manual, and compliance with exceptions described in subsection 19-6.6.4(C) and approval by the design review board.
